Player Races

1. Human

Adaptable survivors and the primary "fuel" for the Home of the Broken Throne.

Racial Ability Bonus: +2 to any Ability Score.

Kin Powers (Pick 1 of the three)

- **Quick to Fight (Legacy):** At the start of each battle, roll initiative twice and choose the result you want.
- **Echoes of the 12th Age:** Once per day, when you fail a skill check using a Background, you may reroll it with a +2 bonus as you tap into the collective ancestral memory of the world before the Rending.
- **Desperate Defiance:** Once per battle, when the Escalation Die is 3+, you can add the Escalation Die bonus to one of your Defenses (AC, PD, or MD) against a single attack.

2. Deep One Hybrid

Lineage from sunken cities; their flesh is hardening into slick, protective scales.

Racial Ability Bonus: +2 Str or +2 Con.

Kin Powers (Pick 1 of the three)

- **The Deep's Resilience (Legacy):** Once per battle, when you drop to 0 HP or below, you do not fall unconscious; instead, you immediately heal using a free recovery.
- **Slick Scales:** Once per battle as a quick action, you can disengage from all nearby enemies automatically. Any enemy you were engaged with takes cold damage equal to your level.
- **Profound Predation:** Your crit range with melee attacks expands by 2 against any enemy that is currently Staggered.

3. The Star-Touched

Living relics of the Silent Flame; light emanates from their very marrow.

Racial Ability: Bonus +2 Wis or +2 Cha.

Kin Powers (Pick 1 of the three)

- **Halo of the Silent Flame (Legacy):** Once per battle as a quick action, you emit a burst of holy light. Nearby allies gain a +1 bonus to attacks and all defenses until the end of your next turn.
- **Burn the Unmade:** Your attacks deal holy damage instead of their normal type. Once per battle, when you hit a creature from "Outside" (Mythos/Horror), deal additional holy damage equal to double your level.
- **Internal Radiance:** Once per day, you may use a recovery to heal an adjacent ally instead of yourself. This healing also removes one Dazed, Confused, or Fear effect from the target.

4. The Unfinished (Ghouls)

Biological leftovers from the Rending, existing in a state of constant decay.

Racial Ability Bonus: +2 Con or +2 Str.

Kin Powers (Pick 1 of the three)

- **Grave-Born Hunger (Legacy):** Once per battle, when you hit an enemy with a melee attack, you gain temporary hit points equal to your level + the Escalation Die.
- **Carrion Senses:** You ignore the penalties of Invisibility or Hidden on enemies within 5 feet. Additionally, you gain a +2 bonus to any Background check involving tracking or sensing living creatures via scent.
- **Release the Burden:** Once per battle, when an enemy hits you with a natural 16+, you may choose to slough off a piece of your unrefined form. The attacker and all nearby enemies take damage equal to your level and are Dazed (save ends).

5. Dream-Walkers (Gnomes)

Refugees from a collapsed dream-dimension who see reality as a poorly made stage.

Racial Ability Bonus: +2 Int or +2 Cha.

Kin Powers (Pick 1 of the three)

- **Phase Slip (Legacy):** Once per battle, when an attack hits you, roll a d20. On an 11+, the attack misses as you blink out of existence and teleport to a nearby location.
- **Narrative Glitch:** Once per battle, after an enemy hits you but before damage is dealt, you can force them to reroll the attack and use the second result.
- **Illusionary Weight:** When you hit an enemy with a spell or ranged attack, you can choose to make them Hampered (save ends) instead of dealing damage.

6. The Tcho-Tcho

Small, efficient survivors who have become as alien as the horrors they hide from.

Racial Ability Bonus: +2 Dex or +2 Con.

Kin Powers (Pick 1 of the three)

- **Ritual Precision (Legacy):** Whenever the Escalation Die is even, your crit range with all attacks increases by 2. If you score a critical hit, you gain an extra Quick Action on your next turn.
- **Unseen Enforcer:** You gain a +2 bonus to Background checks involving stealth or concealment. Once per battle, if you start your turn unengaged, your first attack that turn deals +1d6 damage (increases at 5th and 8th level).
- **Alien Physiology:** You gain a +2 racial bonus to PD and MD against any effect that causes Ongoing Damage or the Confused condition.

7. Degenerate Serpent Folk

Devolved descendants of the 11th Age, maintaining the steam-pipes of the Broken Throne.

Racial Ability Bonus: +2 Int or +2 Dex.

Kin Powers (Pick 1 of the three)

- **Viper's Reflexes (Legacy):** Once per battle, when an enemy misses you with a melee attack, you can make a basic melee attack against them as a free action.
- **Venomous Spray:** Once per battle as a quick action: +[Level + Dex/Int] vs. PD; Target is Stuck and Dazed (save ends both).
- **Preter-Natural Camouflage:** Once per battle as a quick action, you are Hidden from non-adjacent enemies until the start of your next turn. Your next attack from this state deals +1d6 damage (increases at 5th and 8th level).|

8. Fungoid Hatched

Biological anomalies lacking traditional souls; often treated as "renewable fuel."

Racial Ability Bonus: +2 Dex or +2 Wis.

Kin Powers (Pick 1 of the three)

- **Spore Cloud (Legacy):** Once per battle as a quick action, all nearby enemies take a penalty to attack rolls equal to the Escalation Die until the start of your next turn.
- **Mycelial Network:** Once per battle, when a nearby ally misses, use a reaction to let them reroll (adding your Wis/Con mod). If they hit, you both gain 5 temporary HP (increases at 5th and 8th level).
- **Hatched Resilience:** You gain a +2 racial bonus to PD. Additionally, once per battle when you use a recovery to heal, you may automatically end one "save ends" condition currently affecting you.
